VALENTINES
COLLAB

Thank you for viewing our zine!

this project was made possible thanks to these helpers (bozos) :

chasani

phobosketch

g0nta-g0kuhara

punk-pitcher

Fire_Cooking

and of course, every artist who contributed to the collab!

Front cover: phobosketch, chasani, Fire_Cooking
Back cover: shegananigans, flowersnfireworks, chasani

This zine is a compilation of finished pieces from a massive three-way collab project, where the sketch, lineart, and coloring steps are shared between three artists.
Each of them is credited directly on the page, so don't go looking for an index!

Each piece represents a ship, including at least one character from Danganronpa V3: Killing Harmony.
Some are romantic, some are platonic, but all of them were illustrated with a lot of love!
